

**Tech Rider**  
**Slovak Misanthrope**

**Audio:**

The audio signal is provided from my Behringer MX802A Eurorack Compact Mixer.  
Main Out L/R – 6.3 mm TRS, line level, send to FOH / PA mix.  
Alternatively, Control Room Out (6.3 mm TRS) for monitoring.

**Equipment / Stage Setup:**

1× medium-sized table (approx. 100 × 60 cm), sturdy and stable, suitable for electronic gear.

**Lighting / Visuals:**

Video projection is not required.

If available, strobe lights (white or red) and a fog machine are appreciated but not mandatory.

**Additional Requirements:**

Power strip with at least 6 outlets (Schuko or European standard) at the table.

At least 30 minutes for equipment setup and soundcheck.
